Food datasheet

Declaration of compliance for EU-regulation 1935/2004/EU

Abena article number	3896-3899, Vinyl Gloves, Powder-Free, Blue Colour, Classic range.
Declaration of conformity	By declaration of conformity the manufacturer has guaranteed that the raw materials used for mentioned products are always of the same kind. Furthermore, the manufacturer guarantees that changes in raw materials and production methods will be informed to ABENA in due time before these changes come into force to enable the necessary tests according to 1935/2004/EU and 10/2011/EU to be carried out.
Migration tests	Total overall migration test is conducted according to 10/2011/EU. Test conditions: 30 minutes at 40°C. Test Simulants: Acetic acid 3%, ethanol 20%, Deionized Water. The products comply with migration limit for 60 mg/kg/10 mg/dm^2. The specific migration test is conducted according to 10/2011/EU. Test of Phthalates and vinyl chloride monomer.
Heavy Metal	The product do not contain Barium, Cobalt, Copper, Iron, Lithium, Manganese, Zinc in amounts that exceed 100 ppm. Tested according with 10/2011/EU and test method EN13130.
Traceability	The products are labelled to enable a quick sorting and withdrawal. The traceability is adjusted to each product within raw materials, inner and outer packaging.
Migration test for surface and volume area	10 dm^2
Good manufacturing practice (GMP)	The production facilities for the above-mentioned products comply with the regulations for good manufacturing practice (GMP) directive 2023/2006/EU.
Conclusion	We guarantee with this statement that the above-mentioned products comply with the Danish declaration no. 822 and the EU regulations 1935/2004/EU and 2023/2006/EU, provided that the product are recommend for use as intended: - for food at temperatures up to 40°C in 30 minutes, except from fatty food.
